**Subject:** Blow's Creek BERA Electronic Format Response

Hi Karen and Josh,

In response to the EPA's and VDEQ's comments on the electronic applications portion of the Blows Creek Baseline Ecological Risk Assessment (BERA), the Navy thanks both agencies for their comments and assistance in development. The SJCA partnering team (Navy, EPA, VDEQ, CH2M HILL RPMs) has agreed to finalize the Blows Creek BERA by incorporating the technical comments received. The comments provided on the electronic application will be used in the development of future electronic documents at other sites.
